California WATERCOLOR Association

General Meeting: 7:30pm, Wednesday, September 19, 2018 • Center for Community Arts, 111 N. Wiget Lane, Walnut Creek, CA

September Guest Artist Lian Quan Zhen

Sand Hill Cranes by Lian Quan Zhen

Lian Zhen obtained a BA from the University of California and a Master of Architecture Degree from MIT after immigrating to the US from China. He has exhibited in the US, Hong Kong and China, and his paintings hang in numerous institutional and private collections, including the MIT Museum.

An experienced instructor, Lian has taught watercolor and Chinese brush painting throughout the US, as well as in Europe, Canada, Mexico, the Bahamas, China, South Africa and Australia. He has also juried a number of exhibitions and his paintings have been featured in many magazines and books, including *Watercolor 94 Spring*, *Splash4*, *Collectors (Hong Kong)* and books of *Landscape on Watercolor (UK)*. His own books have been distributed internationally: *"The Chinese Painting Techniques for Exquisite Watercolor;"* *"Chinese Watercolor Techniques - Painting Animals"* with demos on video tapes and DVDs; and *"Chinese Watercolor Techniques for Exquisite Flowers."*

Lian's workshop will include one day of Chinese brush painting, followed by four days of watercolor. On the Chinese painting day, students will learn about Asian Art theory, how to use Chinese brushes, ink and colors, and painting techniques for spontaneous-style Chinese paintings. Chinese painting materials will be provided to students for a reasonable cost. During the watercolor session, Lian will teach techniques including his "Color Pouring and Blending," as well as composition and coloring.

For more information on Lian, visit his website at www.lianspainting.com.

Sneak Preview at General Meeting

The auditorium doors will open early for a viewing of ALL entries to the 49th National Exhibition!

Come join us for this once-a-year opportunity and see what artists from around the world entered in the exhibition and the tough job the juror of acceptance must have had choosing the final selection.

Doors will open to the public September 19 at 6:00pm.

from the president

California Watercolor Association

“If you want to touch the past, touch a rock. If you want to touch the present, touch a flower. If you want to touch the future, touch a life.” – Author Unknown

We artists touch the past so often. How? When we touch many of our paints. We have paints made with pigments made from... you guessed it, rock?

We artists touch the present as often. How? When we arrange flowers in a vase or garden to capture with our paint, pencil or camera.

I ask you now, how often do you touch a life? Some of us touch the lives of others every day, some more than others. Some only their families and some only strangers. There is no right or wrong, but it does need to happen for the future.

We all want to paint more than we do. If there is one comment I hear consistently it’s “I wish I could find more time to paint!” California Watercolor Association (CWA) is run by volunteers, it is as simple as that. The volunteers who run CWA for everyone would love to be able to paint more instead we are finding venues for shows, teaching at outreach events, running workshops, establishing plein air events (where you can touch those rocks, flowers and lives), finding artists to demonstrate for you and even providing refreshments and snacks. Everything our volunteers do is IMPORTANT to the existence of your art association. Without volunteers we will cease to exist.

This is the time of year when we ask you to step up and volunteer to take on a board position or non-board position to help CWA thrive. We hope CWA is as important to you as it is to those of us currently serving and those who have served in the past. Please do not think that we don’t need you, because we do.

The following board positions are open:

- Director of National Exhibition* – Ruth Miller/Iretta Hunter would like to bring new person(s) on to show them the ropes!
- Co-Director of Member Shows 2019* – Craig Moline has let us know he will be retiring from this position at the end of the year. Michael Friedland is looking for a co-director.
- Director of Communications* – this position is open now.
- Director of Programs* – this position is open now.
- Co-Director of Community Outreach* – this position is open now.
- Budget Director* – not open yet, however training is involved so we want to get a jump on it!

The following non-board positions are open:

- Webmaster*
- Video Librarian Chair*
- Hospitality*

Please contact Carol Husslein, president@californiawatercolor.org, for additional information on any of the positions listed above. If you have a buddy you would like to work with, these positions can be shared! The more the merrier.

49th National Exhibition Update

January 11 – February 16, 2019

567 entries are now in the hands of our esteemed juror, **Iain Stewart**.

We should have our results by mid September. The accepted artists list will be posted on our website.

As we wait for this coming year's exhibition, there is a great deal of behind the scenes activity. **Samantha McNally** is updating our electronic jurying system.

Bob Davidson is organizing his volunteers as he gets ready to receive 75 paintings that will make up our 49th Exhibition. **Annegret van Gemeren** is planning our **Awards Juror Luncheon** to be held on November 17 to honor **Karen Frey**. **Patricia Rosa** and **Ruth Miller** are beginning to layout the 2019 catalog. **Iretta Hunter** is gathering supplies to frame our International work (as they arrive in a shipping tube). There is much to be done before our **January Opening!**

Good luck to all our entered artists!

Do not miss CWA 49th National Exhibition!

Community Outreach

Watercolor at the Martinez VA

We are seeing individual progress in our artists that is largely self-motivated. Some are seeking out different approaches to painting and the results are delightful. Wes has been working with an aquatic theme, and Ziggy has moved from self-portraits to painting others. Others are challenging themselves to paint outside their comfort zone. Victoria, Julie and I continue to enjoy our twice monthly sessions with the artists and welcome CWA volunteers who would like to participate in this gratifying experience.

The next scheduled dates are September 12 and 26.

If you are interested, contact Maggie at (925) 899-9185 or Victoria at (925) 639-7689.

Community Outreach

Oakland VA Community Outreach

A full group of seven veterans gathered for the latest Community Outreach in Oakland. The warm-up practice, led by Sheila, was a brush drawing of a perched bird. The exercise was step-by-step, dropping the brush tip to belly for a full brush mark making the bird head and body, then using just the tip for the feet and beak. The plan and practice was for making marks and moving the brush with speed... a warm-up.

Next, Michael took over with a “follow-along” painting of a vase and flowers. Each vet was set up with a palette containing a warm and a cool primary color. This project emphasized the glow/lit petals in contrast to the shadow in the flowers and each a different primary color. Then the composition became all the more dramatic by the texture and neutral colors of the vase and background. Overall the group was challenged, learned about color and had fun.

Explore Color. Discover Color!

Members' Show

On Saturday, August 18, we gathered at Dominican University in San Rafael to enjoy the Members' Show "Explore Color. Discover Color!" and to award those who won ribbons and cash prizes in the show.

We recognized and thanked our host Sandi Chin of Dominican University for inviting us to have our work brighten the hallways of the Science Center building. We recognized our jurors, Iretta Hunter who, along with Sandi did the jurying of selection, and then Sandi again for doing the jurying of awards. Sandi told me that it was a very difficult task to pick the winning paintings from such a strong selection of work. She prevailed nicely! Thanks were sent out to Chris Endicott and Alex at Dominican for help in

getting the paintings in the glass cases. And thanks are always extended to Annegret van Gemeren and Sharon Hopkins for taking the photographs that you're looking at right now!

This show runs until January 31, 2019. If you find yourself in the San Rafael area, please stop by and enjoy the show.

Given that the show is in a building for students studying science, we decided to add a small exhibit about how artists' paints have been found, discovered and synthesized through history to shed light on the intersection of the arts and sciences and to give the science students a better appreciation for that intersection... and therefore, the paintings!

Everything About Colors

All Levels

CWA Members \$275

Non-Members \$335

Nancy will help you understand the characteristics of watercolors, and how to make them perform in the manner that suits you. The information that you will obtain by being in this class will open doors to a wider variety of techniques and understanding. There will be a discussion on how many colors it takes to make a color wheel, what are complimentary colors, and how that affect your eyes as well as your paintings. Whatever the subject; landscapes, flowers, portraits, or still life, this class will give you the tools for dynamic paintings. She will address many more subjects and welcomes any questions you may have.

Free and Fun - Color Pouring and Paint Around with Three Watercolors

Beginners to Advanced

CWA Members \$415

Non-Members \$475

Lian teaches basic techniques such as compositions and coloring, and his unique methods of "Color Pouring and Blending" and "Paint Around (negative painting)." He shows how to mix colors on watercolor papers, as well as letting the pigments paint themselves. Only three primary colors will be used for painting. There are four to six short demos each day with students practicing between demos, so that they can absorb and assimilate the lessons. In critiques, Lian will help students by touching-up their paintings. At the end of the workshop, students may be able to finish a couple of paintings, or learn enough techniques to complete them later.
